Note - The company got converted into Public Limited Company from Partnership Firm on 12th June 2023. Figures for the period of partnership firm is taken from the prospectus filed with NSE Emerge at the time of Listing.

Commenting on the performance, Mr. Anandan Sriramulu, Chairman and Managing Director of Thaai Casting Limited, “We are pleased to report a commendable growth trajectory for our company. This success is driven by the development of new products, the addition of new clients, and our goal of becoming a global brand offering one-stop high-end casting solutions.

Following our IPO, we are on a growth path supported by our expansion and capital expenditure plans. We have established a new subsidiary and acquired land to set up a gas nitriding plant.

Focusing our efforts on increasing installation capacity is crucial as we strive to meet the growing demand from our valued customers. Additionally, we are concentrating on boosting our overall order book value by securing more orders and enhancing the value of existing ones. This multifaceted approach underscores our commitment to excellence and growth, paving the way for a promising future.”

About Thaaï Casting Limited

Established in 2011, Thaaï Casting Limited specializes in Pressure Die Casting and precision Machining of Ferrous and Non-Ferrous materials, along with Induction heating and quenching. With over three decades of experience, the company focuses on supplying high-quality castings to the automotive sector. Their product range includes Engine Mounting Support Brackets, Transmission Mounts, Fork Shift, Armature, Electrical Connectors, and more. Thaaï Casting follows a self-certification process, ensuring the excellence of its products. Operating on a Direct On Line (DOL) basis, the company ensures efficient delivery of its components.

The Company mainly caters to the automotive segment which contributes ~60% of revenues while the rest is from non-automotive products. With keen emphasis on innovation, the Company has a strong product pipeline which will increase the contribution from value added products as well as the non-automotive segment.

With its emphasis on quality and customized products, coupled with a growing client base and expanding order book, Thaaï Casting is poised for continued success and expansion in both the automotive and non-automotive sectors.

The Company made its debut in the primary market in February 2024 with an IPO size of ₹47 crore and listing at NSE Emerge platform.

In FY24, the company reported a Revenue of ₹ 9,068.80 Lakhs, EBITDA of ₹ 2,648.70 Lakhs, & PAT of ₹ 1,369.89 Lakhs.
